

MetroWest Boston offers a wealth of arts and culture. We recommend the following as one amazing itinerary:

Arts & Culture Tour

DAY 1: Start your day with a visit to the **Danforth Art Museum**, a jewel box housed in the historic Jonathan Maynard Building. Browse the 3,500+ pieces in their permanent collection reflecting works of **artists from the 18th century through to today**, including the largest collection of work and ephemera by the 20th century sculptor Meta Vaux Warrick Fuller. The Museum also offers special exhibitions, art classes and workshops, and special programs and events.

Once you have fully immersed yourself in the Danforth's glorious artwork, head to the **Framingham Station Brazilian restaurant** for a unique dining experience. This Rodizio-style grill includes Gaucho Chefs who carve twelve types of meat tableside, including steak, pork, lamb, chicken and more, accompanied by side dishes and salads, all served in a historic train station.

After lunch, download the map of the 32 heart statues in the Framingham Centre Common Cultural District's **"Many Cultures, One Heart" public art project**, and go on a scavenger hunt to find as many as you can. The hearts represent the diversity of Framingham, and include work by artists of many races, religions, ethnicities, and nationalities. Each heart includes a plaque with a QR code that links to an artist's video telling their personal stories. One heart represents Brazilian immigrants in Framingham, the largest population of Brazilians outside of Brazil, as well as one telling the Indigenous story of Massachusetts, another includes the word "Welcome" in all 67 languages spoken in Framingham, and more.

After you've explored the hearts, check in to **The VERVE Hotel Boston Natick, Tapestry Collection by Hilton**, a truly unique property that includes displays of **American pop culture from the 1960's to the '90's** throughout the hotel. On check in, request a tour from the front desk, and they will happily point out to you all the little idiosyncrasies of this fun and funky hotel. Have dinner in their chic restaurant **Violet Thorn**, serving amazing fine dining, small plates, and craft cocktails.

DAY 2: Indulge in an excellent breakfast at the hotel, then make the short drive to the **Natick Center Cultural District** to wander the **lovely boutiques**, offering everything from artisanal foods to unique décor, and regional art to designer clothing. The District also offers a huge variety of special events, including **fairs and festivals, open studio nights, public art events, and more.**

After lunch in one of the charming cafés, diners or bakeries in Natick, head to **Hopkinton Center for the Arts**. One of the region's largest performing and visual arts centers, HCA includes a rotating **gallery of regional work, a wealth of art classes, workshops and special events, engaging lectures and educational programs, and indoor and outdoor performances**, such as their famous "A Play, A Pint & A Pie" summer stock production of one act plays submitted by playwrights from all over the world. With your ticket price comes a pint of local craft beer and a savory hand pie. Check out our event calendar to see what's on offer the day you go.

DAY 3: After another night at the Verve, spend the day at the **Worcester Art Museum (WAM)**. WAM opened in 1898 and includes 38,000 works of **art dating from antiquity to the present day**, including early American paintings, Japanese ukiyo-e prints, European Old Master paintings, and objects from ancient Antioch. Make sure to see the **Higgins Armory Collection**, the second largest collection of arms and armor in the United States, featuring pieces from ancient Egypt to nineteenth-century Japan, with a core collection of suits of steel armor from medieval and Renaissance Europe.
