Extraordinary Events Don't Happen in Ordinary Places

Welcome to MetroWest Boston!

My team and I are delighted to show you all that MetroWest has to offer! With 44 hotels and over 200,000 square feet of meeting space—including a trade center and several conference hotels—MetroWest Boston has all of the traditional meeting space you could need. But we also have venues that make your gathering something entirely more memorable...from museums to historic properties to amusement parks. These spaces offer meeting and event planners unique environments that spur original thinking, creative problem solving, strong team building, and lasting memories, creating events that are unforgettable.

From romantic venues for your wedding to pop art hotels that will captivate your conference attendees, we also offer extraordinary places to keep your group happy and engaged. The region's wealth of arts & culture, history, hands-on activities, restaurants and shopping also means there's no shortage of entertainment.

MetroWest is just a half hour from Boston and offers exceptional value, featuring one of the lowest average hotel room rates in Massachusetts, affordable venues, and convenient free parking.

We are always happy to be a resource, so please let us know how we can help make your next event truly extraordinary.

Best wishes,

Founded in 1842, the Worcester County Horticultural Society created New England Botanic Garden at Tower Hill as a place to experience the wonder of plants and connect with the natural world. Since opening in 1986, the Garden has grown into nearly 200 acres of conservatories, formal and naturalistic gardens, walking trails, accessible pathways, and scenic views of the Wachusett Reservoir, along with a café and Garden Shop. As a nonprofit and AAM-accredited museum, we care for an irreplaceable plant collection and lead with sustainability, environmental stewardship, and year-round educational programming. We're proud to be a garden where everyone belongs and where no two visits are ever the same.
